

Sofie

Worship

Sofia Roska Waldo, better known as **Sofie**, presents her first full Worship album of 10 original songs. Sofie came to the Lord in 1987 after a long and difficult experience of separation from her family in the Philippines. She believed this was the love so beautiful only the Lord could give, but she did not understand His grace until after a major car accident that same year. The vehicle was hit 3 times rolling it over a 4-lane San Francisco highway. Before reaching the hospital, she had a near death experience that knocked her unconscious during the accident. During the experience she walked through a tunnel crying uncontrollably knowing something had to change. At the end of the tunnel she saw a bright, brilliant light... somehow she knew she was walking toward the light of God.

2nd Chance – The enemy had not only tried to take her life but tried to take her left eye out! She knows the Lord gave her a second chance... during a home meeting her injuries and intense pain were physically healed by the power of the Holy Spirit through an

evangelist friend, Don Waldo, who used to come by the restaurant where she worked. He'd order coffee and had always witnessed to her about the miracles of God and the power of the Holy Spirit. After about 2 months off, Sofie went back to work and the first person she saw in the restaurant was Don sitting, sipping coffee at the counter.

Healing – She invited Don to come to a prayer meeting that following Wednesday where 20-30 people showed up. After praying for everyone else, Don called her and said, "*Sofie, it's your turn now. God wants to bless you as you have waited patiently.*" She was suffering too much from severe migraine headaches and a bad back caused by the accident. As she stood up, Don said, "*Sofie, lift your hands up and close your eyes. Now, look to the Healer not to your healing.*" Then the power of the Holy Spirit came down and touched her so strong she became "frozen" in the Spirit. She said it felt like she was inside a white balloon full of helium, so tight and so bright! She heard Don's voice saying, "*Sofie, now check yourself out!*" When she did – she could hardly believe it! She was completely healed and claimed, "*No pain, no pain, at last no more pain... Oh my God! The Lord has healed me!*"

Ministry – Today, Sofie serves God with a passion; to see people get changed, saved, healed and delivered, A passion that drives her to worship and lift up the name of Jesus Christ in the splendor of His holiness. Sofie has learned to sing, write worship songs and see people get touched and healed through the power of the Holy Spirit. Sofie graduated with a Bachelor of Science degree in Psychology and served many years as a social worker for the elderly, disabled and children populations at Protective Services. In 2012 Sofie followed the direction of the Holy Spirit, and entered full-time ministry with Don, her husband.
